Project Summary: Purchase a new playground structure for use at its sole park facility, Irwindale Park. The new structure will replace the broken and potentially dangerous equipment, some of which has been installed since 1970. The Irwindale Park Playground is used by residents of the City as well as residents of many surrounding communities (including Baldwin Park, Azusa, Glendora, Covina, and El Monte). The park also provides after school recreation for the YMCA, the Baldwin Park Children's Center, Kare Youth League, Baldwin Park Boys and Girls Clubs, and Merwin Elementary School students. During the week, on weekday evenings and on the weekends the Park hosts swim lessons and baseball league games. Many children and siblings of these participants depend upon the playground for recreation. The new playground structure will meet current ADA access requirements and will be manufactured with the maximum amount of recycled content available.
